A BRIEF REVIEW ON THE RECORDED VITAL STATISTICS OF DISTRICTS FOR THE HALF-YEAR ENDING 31ST DECEMBER 1923.

A statement showing by districts the number of births, the number of deaths, classified according to principal causes, and the infantile mortality, recorded during the half-year is hereto annexed.

BIRTHS.

2. The total number of births registered during the half-year was 58,880 as against 46,652 in the preceding half-year equivalent to annual ratio of 20·09 and 15·92 respectively per mille of population. The highest birthrate (23·86) was recorded for the Kolar District and the lowest (16·86) for the Hassan District, the rates for the other districts ranging between 17·36 (Kadur) and 22·16 (Tumkur).

DEATHS.

3. The number of deaths under all causes returned for the half-year totalled 53,284, yielding an annual ratio of 18·18 per 1,000 of population as compared with 41,058 and 14·01 per mille in the preceding half-year. The deathrate for the Chitaldrug District (11·96) was the lowest during the half-year and that for the Hassan District (26·14) the highest, the rates for the other districts ranging between 15·88 (Kolar District) and 21·58 (Kadur District).

Births exceeded deaths in all the districts except in Hassan and Kadur Districts.

INFANTILE MORTALITY.

4. The total number of children under one year of age that died during the half-year was 5,139 as against 4,172 during the preceding half-year. This gives an average of 87·27 per 1,000 of recorded births. The highest infantile mortality rates were returned for Hassan (114·56); Kadur (109·08); Shimoga (106·50); and Chitaldrug (98·93). The lowest rate (59·11) was reported, as in the case of the preceding half-year, for the Mysore District.

INFECTIOUS DISEASES.

5. *Plague.*—Plague prevailed in all the districts accounting for 7,464 deaths as compared with 2,800 deaths in the preceding half-year, the districts of Mysore, Bangalore, Shimoga and Hassan contributing a relatively large number of deaths, *viz.*, 1,900; 1,871; 1,175; and 1,077 respectively.

6. *Cholera.*—Cholera accounted for 31 deaths during the half-year. The districts of Tumkur, Hassan and Kadur were entirely free from the disease. A few sporadic cases occurred in the Kolar, Shimoga and Bangalore Districts. The districts of Chitaldrug and Mysore returned 17 and 7 cases respectively. At the close of the half-year the disease exhibited signs of spreading rapidly.

7. *Small-pox.*—The total number of deaths under small-pox was 1,716 as against 1,143 in the preceding half-year. Kadur District was entirely free from the epidemic, while a single fatal case was returned from the Shimoga District. The disease prevailed in a rather virulent form in the districts of Mysore and Bangalore. During the half-year the number of vaccinations performed totalled 60,276.

8. *Fevers.*—During the half-year 24,644 deaths were returned as due to fevers against a total number of 20,381 deaths under this head, during the preceding half-year. The incidence of fevers in the Mysore, Hassan and Tumkur Districts was comparatively high partly due to the prevalence of relapsing fever but mostly to Malaria. Nearly 46 per cent of the total mortality is registered under "Fevers," which include Malaria, Typhoid, Pneumonia Influenza, Relapsing fever and other febrile diseases of unknown origin.

In this connection, the President of the District Board, Hassan, states in his review of the Vital Statistics for the district, as follows :—

> "In spite of the wide and free distribution of Quinine by the Board under the Malnad Improvement Grant, the supply is still inadequate. The supply of a larger and adequate quantity of quinine to the Malnad Hospitals will greatly reduce the number of malarial cases. In cases of Relapsing Fever and Influenza, adequate provision has to be made for nourishment. The low vitality of the people in the Malnad parts and want of good nourishment in time disable patients from withstanding the attack of fever and they often succumb."

A scheme for dealing with the situation in some of the worst affected taluks in the district has been suggested for the consideration of the District Board.

9. *Dysentery and Diarrhœa.*—One thousand seven hundred and sixty nine deaths were recorded during the half-year under this head, as compared with 1,395 in the preceding half-year.

10. *Respiratory diseases.*—A total number of 1,078 deaths was returned as due to Respiratory diseases.

11. Five hundred and seventy-five deaths were returned during the half-year as due to wounding or accident, or snake-bite and suicide.

12. On the whole, Public Health during the half-year, may be said to have been free from any abnormal features.

Statement showing the Vital Statistics for the half-year ending 31st December 1923.

3. The highest bidder shall ordinarily be the purchaser, but the officer conducting the sale can reject any bid or stop the sale at any stage without assigning any reason to the intending purchasers.

4. Immediately after the lot is knocked down to him, the successful bidder shall sign his name opposite the number and specification of the lot bought by him in a book provided for the purpose. 5. After conclusion of the sale, each purchaser shall pay 10 per cent of the amount in cash to the officer conducting the sale and obtain in return from him a receipt vouching for the payment of the one-tenth value as well as the initial deposit of Rs. 200. Should any purchaser fail to comply with this rule, the initial deposit of Rs. 200 shall at once be forfeited to Government and the officer conducting the sale shall be at liberty to resell the timber purchased by such defaulter who shall be required to make good any loss, but shall not participate in any profit from such resale. The monies shall be paid into such treasury as the District Forest Officer may direct, within the time specified.

8. If the amount is not fully paid for by the purchaser before the dates fixed above, the initial deposit as well as the other monies already paid in, shall be forfeited to Government and all or any portion of the timber not fully paid for shall be resold at the risk of the purchaser in the manner prescribed for default of payment of one-tenth value in clause 5 *supra*.

9. No timber lot shall be permitted to be removed by the purchaser unless it has been paid for in full, calculated at the rates at which the timber is knocked down to him at the time of sale, excluding the 10 per cent deposit paid for the lot at the time of the sale; and no timber shall be removed from the depot unless a permit is obtained from the Forest Officer in charge of the depot. The earnest money will not be adjusted towards the value of timber, until 90 per cent of the purchase money over and above the security deposit has been paid.

You may remember that at the last Bombay Conference it was agreed that Provinces and States would procure advertisements for publication in the All-India Catalogue of exhibits to be issued by the Government of India. It is estimated that visitors to the Exhibition who will come from all countries of the world will number not less than 30 millions. Practically every important Indian Province and State is taking part in the Exhibition, and the Catalogue will therefore circulate widely, not only amongst visitors to the Exhibition, but also in England and India. It will thus be a splendid means of advertisement, and it has been decided that select approved advertisements should be published in the Catalogue. The Commissioner for India guarantees a minimum circulation of 20,000 copies of the Catalogue.

2. The Catalogue will be of the same size as the Handbook of India Section already issued by the Government of India, that is to say, 10 by 7 inches. The rates of advertisement will be as follows :—

£5 or Rs. 75 for full page.
£3 or Rs. 45 for half page.

3. Applications for advertisement should be prepared and should be handed over to the Local Exhibition Officers, together with the advertisement matter and blocks, if any, before the end of January 1924.

Yours Sincerely,
T. VIJAYARAGHAVACHARYA.

In the case of purchasers of timber in small quantities, full value thereof will be accepted, if tendered on the spot and the payment of deposit in such cases will not be insisted.

2. Any person bidding at the sale may be required by the officer conducting the sale to state whether he is bidding on his own behalf or as an agent, and in the latter case, to produce a written authority duly signed by the principal.

3. The highest bidder shall ordinarily be the purchaser, but the officer conducting the sale can reject any bid or stop the sale at any stage without assigning any reason to the intending purchasers.

4. Immediately after the lot is knocked down to him, the successful bidder shall sign his name opposite the number and specification of the lot bought by him in a book provided for the purpose. 5. After conclusion of the sale, each purchaser shall pay 10 per cent of the amount in cash to the Officer conducting the sale and obtain in return from him a receipt vouching for the payment of the one-tenth value as well as the initial deposit of Rs. 200. Should any purchaser fail to comply with this rule, the initial deposit of Rs. 200 shall at once be forfeited to Government and the Officer conducting the sale shall be at liberty to resell the timber purchased by such defaulter who shall be required to make good any loss, but shall not participate in any profit from such resale. In cases of resales for default of payment of value where no bidders are forthcoming, it will be open to District Forest Officer to fix such price as may appear to him to be reasonable and to proceed for the recovery from the defaulter of the balance, if any, after deducting the price so fixed from the original sale amount. A registered notice should be issued to the defaulter intimating the price fixed by the District Forest Officer for the unsold wood and the amount still due from him which will be recovered as arrears of land revenue.

6. The deposits tendered by the unsuccessful bidders shall be returned immediately after the sales are concluded, those of successful bidders being lodged in the Savings Bank as security deposit.

7. The full value of all timber purchased shall be paid for within 30 days after the date of sale or within 15 days after the date of the notice of confirmation of the sale whichever is later. In case of purchasers above Rs. 1,000 in value, the purchaser shall be permitted to pay up the balance in instalments of not less than Rs. 1,000 provided the full value is paid not later than the 15th May 1924. The monies shall be paid into such treasury as the District Forest Officer may direct, within the time specified.

8. If the amount is not fully paid for by the purchaser before the dates fixed above, the initial deposit as well as the other monies already paid in, shall be forfeited to Government and all or any portion of the timber not fully paid for shall be resold at the risk of the purchaser in the manner prescribed for default of payment of one-tenth value in Clause 5 *supra*.

9. No timber lot shall be permitted to be removed by the purchaser unless it has been paid for in full, calculated at the rates at which the timber is knocked down to him at the time of sale, excluding the 10 per cent deposit paid for the lot at the time of the sale; and no timber shall be removed from the Depot unless a permit is obtained from the Forest Officer in charge of the Depot. The earnest money will not be adjusted towards the value of timber, until 90 per cent of the purchase money over and above the security deposit has been paid.

10. Timber purchased should be removed as early as possible and in no case should it be allowed to remain longer than 90 days after the dates fixed in Clause 7 *supra*. 1. Each bidder shall place a deposit of Rs. 200 with the officer conducting the sale. But defaulters to the department will not be allowed to bid at the sales.

2. Any person bidding at the sale may be required by the officer conducting the sale to state whether he is bidding on his own behalf or as an agent, and in the latter case, to produce a written authority duly signed by the principal.

3. The highest bidder shall ordinarily be the purchaser, but the officer conducting the sale can reject any bid or stop the sale at any stage without assigning any reason to the intending purchasers.

4. Immediately after the lot is knocked down to him, the successful bidder shall sign his name opposite the number and specification of the lot bought by him in a book provided for the purpose. Such signature shall be held as admission on his part of having bought such lot and of having accepted the terms of the sale as herein specified. All sales of which the amount exceeds Rs. 500 in each case are subject to the confirmation of the Conservator and in other cases to that of the District Forest Officer.

5. After conclusion of the sale, each purchaser shall pay 10 per cent of the amount in cash to the officer conducting the sale and obtain in return from him a receipt vouching for the payment of the one-tenth value as well as the initial deposit of Rs. 200. Should any purchaser fail to comply with this rule, the initial deposit of Rs. 200 shall at once be forfeited to Government and the officer conducting the sale shall be at liberty to resell the timber purchased by such defaulter who shall be required to make good any loss, but shall not participate in any profit from such resale. The amount due by such defaulter on account of loss from resale shall be recovered from him as a revenue demand under Section 79 of the Mysore Forest Regulation. In calculating such losses, the initial deposit forfeited to Government shall not be taken into account.

In cases of resales for default of payment of value where no bidders are forthcoming, it will be open to District Forest Officer to fix such price as may appear to him to be reasonable and to proceed for the recovery from the defaulter of the balance, if any, after deducting the price so fixed from the original sale amount. A registered notice should be issued to the defaulter intimating the price fixed by the District Forest Officer for the unsold wood and the amount still due from him which will be recovered as arrears of land revenue.

6. The deposits tendered by the unsuccessful bidders shall be returned immediately after the sales are concluded, those of successful bidders being lodged in the Savings Bank as security deposit.

7. The full value of all timber purchased shall be paid for within 30 days after the date of sale or within 15 days after the date of the notice of confirmation of the sale whichever is later. In case of purchases above Rs. 1,000 in value, the purchaser shall be permitted to pay up the balance in instalments of not less than Rs. 1,000 provided the full value is paid not later than the 15th May 1924. The monies shall be paid into such treasury as the District Forest Officer may direct, within the time specified.

8. If the amount is not fully paid for by the purchaser before the dates fixed above, the initial deposit as well as the other monies already paid in, shall be forfeited to Government and all or any portion of the timber not fully paid for shall be resold at the risk of the purchaser in the manner prescribed for default of payment of one-tenth value in clause 5 *supra*.

9. No timber lot shall be permitted to be removed by the purchaser unless it has been paid for in full, calculated at the rates at which the timber is knocked down to him at the time of sale, excluding the 10 per cent deposit paid for the lot at the time of the sale; and no timber shall be removed from the depot unless a permit is obtained from the Forest Officer in charge of the Depot. The earnest money will not be adjusted towards the value of timber, until 90 per cent of the purchase money over and above the security deposit has been paid.

10. Timber purchased should be removed as early as possible and in no case should it be allowed to remain longer than 90 days after the dates fixed in clause 7 *supra*. Timber not removed after purchase, will remain in the Depot at the risk of the purchaser from the date of the confirmation of the sale.

11. If the timber is not removed within the time allowed, the same may after ten days' notice to the purchaser, be sold in public auction and the proceeds will be given to the purchaser after defraying all the expenses in connection with the resale.

12. The deposit of Rs. 200 will remain as security for the due fulfilment of all and every one of the terms of sale, on the breach of any of which by the purchaser, the District Forest Officer shall be entitled to forfeit the deposit in whole or in part and in the event of such forfeiture, the sum so forfeited shall be immediately made good by the purchaser so long as the transaction is not finally closed. 5. After conclusion of the sale, each purchaser shall pay 25 per cent of the amount in cash to the officer conducting the sale (as this is the final sale of the year, and obtain from him in return a receipt vouching for the amount of the one-fourth value as well as the initial deposit of Rs. 200. In the case of purchasers of timber in small quantities, full value thereof will be accepted, if tendered on the spot and the payment of deposit in such cases will not be insisted.

2. Any person bidding at the sale may be required by the officer conducting the sale to state whether he is bidding on his own behalf or as an agent, and in the latter case, to produce a written authority duly signed by the principal.

3. The highest bidder shall ordinarily be the purchaser, but the officer conducting the sale can reject any bid or stop the sale at any stage without assigning any reason to the intending purchasers.

4. Immediately after the lot is knocked down to him, the successful bidder shall sign his name opposite the number and specification of the lot bought by him in a book provided for the purpose. In cases of resales for default of payment of value where no bidders are forthcoming, it will be open to District Forest Officer to fix such price as may appear to him to be reasonable and to proceed for the recovery from the defaulter of the balance, if any, after deducting the price so fixed from the original sale amount. A registered notice should be issued to the defaulter intimating the price fixed by the District Forest Officer for the unsold wood and the amount still due from him which will be recovered as arrears of land revenue.

6. The deposits tendered by the unsuccessful bidders shall be returned immediately after the sales are concluded, those of successful bidders being lodged in the Savings Bank as security deposit.

7. The full value of all timber purchased shall be paid for on or before the 25th June 1924.

8. If the amount is not fully paid for by the purchaser before the dates fixed above, the initial deposit as well as the other monies already paid in, shall be forfeited to Government and all or any portion of the timber not fully paid for shall be resold at the risk of the purchaser in the manner prescribed for default of payment of one-tenth value in clause 5 *supra*.

9. No timber lot shall be permitted to be removed by the purchaser unless it has been paid for in full, calculated at the rates at which the timber is knocked down to him at the time of sale, excluding the 10 per cent deposit paid for the lot at the time of the sale; and no timber shall be removed from the depot unless a permit is obtained from the Forest Officer in charge of the Depot. The earnest money will not be adjusted towards the value of timber, until 90 per cent of the purchase money over and above the security deposit has been paid.

The monies shall be paid into such treasury as the District Forest Officer may direct, within the time specified.

1. Each bidder shall place a deposit of Rs. 200 with the officer conducting the sale. But defaulters to the department will not be allowed to bid at the sales.

2. Any person bidding at the sale may be required by the officer conducting the sale to state whether he is bidding on his own behalf or as an agent, and in the latter case, to produce a written authority duly signed by the principal.

3. The highest bidder shall ordinarily be the purchaser, but the officer conducting the sale can reject any bid or stop the sale at any stage without assigning any reason to the intending purchasers.

4. Immediately after the lot is knocked down to him, the successful bidder shall sign his name opposite the number and specification of the lot bought by him in a book provided for the purpose. Such signature shall be held as admission on his part of having bought such lot and of having accepted the terms of the sale as herein specified. All sales of which the amount exceeds Rs. 500 in each case are subject to the confirmation of the Conservator and in other cases to that of the District Forest Officer.

5. After conclusion of the sale, each purchaser shall pay 10 per cent of the amount in cash to the officer conducting the sale and obtain in return from him a receipt vouching for the payment of the one-tenth value as well as the initial deposit of Rs. 200. Should any purchaser fail to comply with this rule, the initial deposit of Rs. 200 shall at once be forfeited to Government and the officer conducting the sale shall be at liberty to resell the timber purchased by such defaulter who shall be required to make good any loss, but shall not participate in any profit from such resale. The amount due by such defaulter on account of loss from resale shall be recovered from him as a revenue demand under Section 79 of the Mysore Forest Regulation. In calculating such losses, the initial deposit forfeited to Government shall not be taken into account.

In cases of resales for default of payment of value where no bidders are forthcoming, it will be open to the District Forest Officer to fix such price as may appear to him to be reasonable and to proceed for the recovery from the defaulter of the balance, if any, after deducting the price so fixed from the original sale amount. A registered notice should be issued to the defaulter intimating the price fixed by the District Forest Officer for the unsold wood and the amount still due from him which will be recovered as arrears of land revenue.

6. The deposits tendered by the unsuccessful bidders shall be returned immediately after the sales are concluded, those of successful bidders being lodged in the Savings Bank as security deposit.

7. The full value of all timber purchased shall be paid for within 30 days after the date of sale or within 15 days after the date of the notice of confirmation of the sale whichever is later. In case of purchases above Rs. 1,000 in value, the purchaser shall be permitted to pay up the balance in instalments of not less than Rs. 1,000 provided the full value is paid not later than the 15th June 1924. The monies shall be paid into such treasury as the District Forest Officer may direct, within the time specified.

8. If the amount is not fully paid for by the purchaser before the dates fixed above, the initial deposit as well as the other monies already paid in, shall be forfeited to Government and all or any portion of the timber not fully paid for shall be resold at the risk of the purchaser in the manner prescribed for default of payment of one-tenth value in clause 5 *supra*.

9. No timber lot shall be permitted to be removed by the purchaser unless it has been paid for in full, calculated at the rates at which the timber is knocked down to him at the time of sale, excluding the 10 per cent deposit paid for the lot at the time of the sale; and no timber shall be removed from the Depot unless a permit is obtained from the Forest Officer in charge of the Depot. The earnest money will not be adjusted towards the value of timber, until 90 per cent of the purchase money over and above the security deposit has been paid.

10. Timber purchased should be removed as early as possible and in no case should it be allowed to remain longer than 90 days after the dates fixed in clause 7 *supra*. Timber not removed after purchase, will remain in the depot at the risk of the purchaser from the date of the confirmation of the sale.

11. If the timber is not removed within the time allowed, the same may after ten days' notice to the purchaser, be sold in public auction and the proceeds will be given to the purchaser after defraying all the expenses in connection with the resale.

12. The deposit of Rs. 200 will remain as security for the due fulfilment of all and every one of the terms of sale of the breach of any of which by the purchaser, the District Forest Officer shall be entitled to forfeit the deposit in whole or in part and in the event of such forfeiture, the sum so forfeited shall be immediately made good by the purchaser so long as the transaction is not finally closed. The security deposit or the balance thereof, if any, shall be returned to the purchaser after the full value of timber purchased has been paid for and the timber fully removed.

7. The sleepers should be delivered at the Shimoga, Bhadravati and Tarikere Railway Station yards. Payment will be made only for such of the sleepers as are passed by the Mysore Railway Construction Department.

8. The sleepers are to be of 1st class sound, perfectly straight and out of winding, sawn uniformly square and free from sapwood, heart shakes, cracks, large or rotten knots or knots which may interfere with the driving of screwing of spikes or which may affect the life of the sleepers.

9. The contractor should fell, collect and prepare sleepers from out of the trees assigned by the Range Officer in the forests given below :—

10. The successful tenderer or tenderers will be required to execute an agreement within a week from the date of acceptance of his tender embodying the following conditions, failing which the earnest money deposited by him or them will be forfeited to the Government and the contract cancelled.

CONDITIONS.

(1) The trees marked by the Range Officer shall be felled in the month of August and left in the jungle for seasoning ; and the work of preparing sleepers should only be undertaken three months after felling.

(2) In the case of trees assigned for felling, the fellings should be conducted on coppice principles in areas laid out and assigned by the District Forest Officer, for the purpose.

(3) The tree should be felled in regular consecutive order. The contractor will not be bound, however, to fell such trees as are in the opinion of the District Forest Officer, absolutely unfit for the purpose of sleepers.

(4) The felling of trees reserved by the department as standards shall be treated as an offence.

(5) The trees shall, as far as possible, be felled flush with the ground, and in no case the stump left behind in the ground after felling should exceed 6 inches in height.

(6) From the time of felling, the timber shall be at the sole risk of the contractor who shall make his own arrangements for the protection of the same from fire, theft, wastage or damage of any kind whatsoever.

(7) The cost of felling trees, extraction of timber and preparation and carting of sleepers to the places of delivery shall be borne entirely by the contractor.

(8) Rejected sleepers, side-boards, tops and end pieces, and all portion not used for sleepers shall remain the property of Government.

(9) Every portion of a tree must, as far as possible, be converted into sleepers if suitable for the purpose without causing undue wastage.

(10) Sleepers shall not be removed from the forests until they are checked by a duly authorized officer.

(11) All removals shall be effected under cover of pass-ports issued by a duly authorized officer and the contractor shall obtain receipts from the Rangers concerned for all deliveries made which shall thereafter be in charge of the said Rangers.

(12) The contractor shall maintain a bound register in the form prescribed by the District Forest Officer, showing the number and other particulars of trees felled and the outturn of sleepers.

(13) The contractor shall not assign his right under this agreement or any part thereof without the written permission of the District Forest Officer, who may however refuse to grant such permission without assigning reasons therefor.

(14) A list of agents, representatives and other employees of the contractor shall be furnished and approved of by the District Forest Officer.

(15) The contractor shall be responsible for the acts of himself, his agents and all persons authorized by either of them.

(16) The contractor shall take all possible care so that no damage shall be done to any standing growth in the forest which he is not entitled to fell. For any such damage, unless caused by accident or causes beyond his control, the contractor shall pay such compensation as the Conservator of Forests shall decide.

(17) In case of any fire within the forest area to which this contract applies, the contractor and his workmen shall render every assistance to put out the fire and in all such cases give immediate notices of the occurrence of fire to the nearest Forest, Revenue or Police Officer.

(18) In case of any dispute regarding this contract the Conservator's decision shall be final.

(19) For the due fulfilment of all and every one of the conditions of this contract, the contractor agrees for the witholding of one-tenth of the amount of his bills as security and to the forfeiture of this amount and as well as the earnest money either in whole or in part for breach of all or any of the conditions of this contract as shall be decided by the Conservator of Forests and to the cancellation of the contract.

After conclusion of the sale, each purchaser shall pay the full sale amount in cash to the officer conducting the sale and obtain in return from him a receipt vouching for the payment of the amount including the initial deposit of Rs. 200. Should any purchaser fail to comply with this rule, the initial deposit of Rs. 200 shall at once be forfeited to Government and the officer conducting the sale shall be at liberty to resell the timber purchaser by such defaulter who shall be required to make good any loss, but shall not participate in any profit from such resale. The amount due by such defaulter on account of loss from resale shall be recovered from him as a revenue demand under Section 79 of the Mysore Forest Regulation. In calculating such losses, the initial deposit forfeited to Government shall not be taken into account.

In cases of resales for default of payment of value where no bidders are forth-coming, it will be open to the District Forest Officer to fix such price as may appear to him to be reasonable and to proceed for the recovery from the defaulter of the balance, if any, after deducting the price so fixed from the original sale amount. A registered notice should be issued to the defaulter intimating the price fixed by the District Forest Officer for the unsold wood and the amount still due from him which will be recovered as arrears of land revenue.

6. The deposits tendered by the unsuccessful bidders shall be returned immediately after the sale is concluded, those of successful bidders being retained.

7. If the amount is not fully paid for by the purchaser on the date of sale, the initial deposit as well as the other monies already paid in shall be forfeited to Government and all or any portion of the timber not fully paid for shall be resold at the risk of the purchaser.

8. No timber lot shall be permitted to be removed by the purchaser unless it has been paid for in full, calculated at the rates at which the timber is knocked down to him at the time of sale; and no timber shall be removed from the depot unless a permit is obtained from the Forest Officer in charge of the Depot.

9. Timber purchased should be removed as early as possible and in no case should it be allowed to remain longer than 90 days from the date of sale. Timber not removed after purchase, will remain in the depot at the risk of the purchaser from the date of the confirmation of the sale.

10. If the timber is not removed within the time allowed, the same may after ten days' notice to the purchaser, be sold in public auction and the proceeds will be given to the purchaser, after defraying all the expenses in connection with the resale.

(*b*) The lessee shall furnish a list of sub-contractors, agents or maistries and servants who may be appointed by him for the collection of the produce.

In the latter case, each cart load must be covered by a pass. These licenses and passes which will be in books shall be obtained from the Range Forest Officer and will have a seal of the District Forest Officer, impressed. (*l*) The lessee or sub-lessee shall not interfere with the recognised right of inamdars.

(*m*) The lessee or sub-lessee has no right to the produce or trees on occupied lands and the village amarai as detailed in para 1 above.

(*n*) No damage will be caused to the trees while collecting the minor forest produce; any such damage will be assessed by the Range Forest Officer, which will be approved by the District Forest Officer. The District Forest Officer's decision in the assessment of the damages will be final. The assessed damages will be recovered from the security deposit of the lessee.

(*o*) The lessee or sub-lessee shall hold responsible himself for the acts of his agents or servants in the business of collection and transport.

11. In the event of breach of any of these conditions, the lease will be cancelled or the security amount forfeited in whole or in part, or both these penalties will be enforced at the discretion of the District Forest Officer or the Conservator of Forests as the case may be. In the case of mere forfeiture of the deposit amount, in part, or in full, the difference will be made good immediately by the contractor, and if not, the lease will be cancelled and resold at the risk of the original purchaser, who will be liable for any loss which will become recoverable as an arrear of land revenue but not participate in any profits.

2. The ore on each separate area in the schedule will be taken as a lot for the purpose of the tender.

3. The quantities mentioned in the schedule are only approximate and this department does not undertake to give any guarantee in regard to either the quantity or the quality of the ores. It would therefore be advisable for the tenderers to ascertain the quantity and quality of the ores before submitting tenders therefor.

4. Each tender should be superscribed "Tender for the purchase of Manganese ore" and should be accompanied by a Treasury Receipt for a sum of Rs. 50 in respect of each lot tendered for, which should be paid into a Mysore Government Treasury as earnest money. On acceptance of any one of the tenders received, the earnest monies in the case of the rejected tenders will be refunded.

5. The tender should specify clearly the lump sum price offered for the lot and also it should be made in terms of a definite price per ton. A single tender may be made in respect of one or more lots, but a deposit of Rs. 50 should be paid for each lot tendered for.

6. The final acceptance of any tender, in whole or in part, will rest with the Government who do not bind themselves to accept the highest or any tender or to assign any reasons therefor.

7. The removal of the ore by the successful tenderer shall be subject to the following conditions:—

(*i*) That he shall pay within 15 days from the date of acceptance of his tender the lump sum price offered by him or the lump sum calculated at the rate per ton offered by him in respect of the quantity of ore mentioned in the schedule hereto. In default, his tender will be treated as cancelled and his earnest money forfeited.

(*ii*) That the entire quantity of the ore should be removed within one year from the date of the execution of an agreement referred to in (ix) below.

(*iii*) Any balance of ore which may remain unremoved at the expiry of the period of one year abovementioned shall be forfeited to Government.

(*iv*) The purchaser shall remove only the ore collected in stacks or heaps or lying loose at present and found in the area, particulars of which are set forth in the schedule attached hereto, and of which authenticated plans will be furnished to him separately; and in no case shall he do any kind of mining work and remove fresh ore.

(*v*) The purchaser shall not cut or injure any tree or forest growth on any private occupied or unoccupied land in the course of operations for the removal of the ore purchased and shall abstain from all interference with public rights as to paths, tanks, sacred groves, etc.

(*vi*) The purchaser shall be responsible for any injury or damage done to the forest growth or land on which the ore is lying either by himself, his agents, representatives or employees.

(*vii*) The purchaser shall submit to the Director, Mysore, Geological Department, regularly at the end of every month for statistical purposes a statement showing the quantity of ore removed during each month.

(*viii*) Any infringement or violation of any one of the aforesaid terms and conditions of this agreement, shall be seriously noticed and dealt with by Government and it is entirely left to their discretion either to impose such penalty as they may deem fit in addition to confiscating to Government the security deposit referred to below or to cancel this sale entirely. The decision of the Government in this behalf shall be final.

(*ix*) That he shall execute, within a week from the date of payment of the purchase consideration, an agreement embodying the above conditions relating to the removal of the ore.

(*x*) That he shall pay a sum of Rs. 100 to be held as security for the fulfilment of the terms of the agreement. The earnest money paid by him for the tender will be adjusted towards the deposit.

Conditions.

1. Each bidder shall place a deposit of Rs. 200 with the officer conducting the sale. But defaulters to the department will not be allowed to bid at the sales.

2. Any person bidding at the sale may be required by the officer conducting the sale to state whether he is bidding on his own behalf or as an agent, and in the latter case, to produce a written authority duly signed by the principal.

3. The highest bidder shall ordinarily be the purchaser, but the officer conducting the sale can reject any bid or stop the sale at any stage without assigning any reason to the intending purchasers.

4. Immediately after the lot is knocked down to him, the successful bidder shall sign his name opposite the number and specification of the lot bought by him in a book provided for the purpose. Such signature shall be held as admission on his part of having bought such lot and of having accepted the terms of the sale as herein specified. All sales of which the amount exceeds Rs. 500 in each case are subject to the confirmation of the Conservator and in other cases to that of the District Forest Officer.

5. After conclusion of the sale, each purchaser shall pay 10 per cent of the amount in cash to the officer conducting the sale and obtain in return from him a receipt vouching for the payment of the one-tenth value as well as the initial deposit of Rs. 200. Should any purchaser fail to comply with this rule, the initial deposit of Rs. 200 shall at once be forfeited to Government and the officer conducting the sale shall be at liberty to resell the timber purchased by such defaulter who shall be required to make good any loss, but shall not participate in any profit from such resale. The amount due by such defaulter on account of loss from resale shall be recovered from him as a revenue demand under Section 79 of the Mysore Forest Regulation. In calculating such losses, the initial deposit forfeited to Government shall not be taken into account.

In cases of resales for default of payment of value where no bidders are forthcoming, it will be open to the District Forest Officer to fix such price as may appear to him to be reasonable and to proceed for the recovery from the defaulter of the balance, if any, after deducting the price so fixed from the original sale amount. A registered notice should be issued to the defaulter intimating the price fixed by the District Forest Officer for the unsold wood and the amount still due from him which will be recovered as arrears of land revenue.

6. The deposits tendered by the unsuccessful bidders shall be returned immediately after the sales are concluded, those of successful bidders being lodged in the Savings Bank as security deposit.

7. The full value of all timber purchased shall be paid for within 30 days after the date of sale or within 15 days after the date of the notice of confirmation of the sale whichever is later. In case of purchases above Rs. 1,000 in value, the purchaser shall be permitted to pay up the balance in instalments of not less than Rs. 1,000 provided the full value is paid not later than the 15th May 1925. The monies shall be paid into such treasury as the District Forest Officer may direct, within the time specified.

8 If the amount is not fully paid for by the purchaser before the dates fixed above, the initial deposit as well as the other monies already paid in, shall be forfeited to Government and all or any portion of the timber not fully paid for shall be resold at the risk of the purchaser in the manner prescribed for default of payment of one-tenth value in clause 5 *supra*.

9. No timber lot shall be permitted to be removed by the purchaser unless it has been paid for in full, calculated at the rates at which the timber is knocked down to him at the time of sale, excluding the 10 per cent deposit paid for the lot at the time of the sale; and no timber shall be removed from the depot unless a permit is obtained from the Forest Officer in charge of the Depot. The earnest money will not be adjusted towards the value of timber, until 90 per cent of the purchase money over and above the security deposit has been paid.

10. Timber purchased should be removed as early as possible and in no case should it be allowed to remain longer than 90 days after the dates fixed in clause 7 *supra*. Timber not removed after purchase, will remain in the depot at the risk of the purchaser from the date of the confirmation of the sale.

11. If the timber is not removed within the time allowed, the same may after ten days' notice to the purchaser, be sold in public auction and the proceeds will be given to the purchaser after defraying all the expenses in connection with the resale.

12. The deposit of Rs. 200 will remain as security for the due fulfilment of all and every one of the terms of sale, on the breach of any of which by the purchaser, the District Forest Officer shall be entitled to forfeit the deposit in whole or in part and in the event of such forfeiture, the sum so forfeited shall be immediately made good by the purchaser so long as the transaction is not finally closed. The security deposit or the balance thereof, if any, shall be returned to the purchaser after the full value of timber purchased has been paid for and the timber fully removed.

(*a*) In the case of purchasers of timber in small quantities, full value thereof will be accepted, if tendered on the spot and the payment of deposit in such cases will not be insisted.

2. Any person bidding at the sale may be required by the officer conducting the sale to state whether he is bidding on his own behalf or as an agent, and in the latter case, to produce a written authority duly signed by the principal.

3. The highest bidder shall ordinarily be the purchaser, but the officer conducting the sale can reject any bid or stop the sale at any stage without assigning any reason to the intending purchasers.

4. Immediately after the lot is knocked down to him, the successful bidder shall sign his name opposite the number and specification of the lot bought by him in a book provided for the purpose. Such signature shall be held as admission on his part of having bought such lot and of having accepted the terms of the sale as herein specified. All sales of which the amount exceeds Rs. 500 in each case are subject to the confirmation of the Conservator and in other cases to that of the District Forest Officer.

5. After conclusion of the sale, each purchaser shall pay 10 per cent of the amount in cash to the officer conducting the sale and obtain in return from him a receipt vouching for the payment of the one-tenth value as well as the initial deposit of Rs. 200. Should any purchaser fail to comply with this rule, the initial deposit of Rs. 200 shall at once be forfeited to Government and the officer conducting the sale shall be at liberty to resell the timber purchased by such defaulter who shall be required to make good any loss, but shall not participate in any profit from such resale. In calculating such losses, the initial deposit forfeited to Government shall not be taken into account.

In cases of resales for default of payment of value where no bidders are forthcoming it will be open to the District Forest Officer to fix such price as may appear to him to be reasonable and to proceed for the recovery from the defaulter of the balance, if any, after deducting the price so fixed from the original sale amount. A registered notice should be issued to the defaulter intimating the price fixed by the District Forest Officer for the unsold wood and the amount still due from him which will be recovered as arrears of land revenue.

6. The deposits tendered by the unsuccessful bidders shall be returned immediately after the sales are concluded, those of successful bidders being lodged in the Savings Bank as security deposit.

7. The full value of all timber purchased shall be paid for within 30 days after the date of sale or within 15 days after the date of the notice of confirmation of the sale whichever is later. In case of purchasers above Rs. 1,000 in value, the purchaser shall be permitted to pay up the balance in instalments of not less than Rs. 1,000 provided the full value is paid not later than the 15th May 1925. The monies shall be paid into such treasury as the District Forest Officer may direct, within the time specified.

8. If the amount is not fully paid for by the purchaser before the dates fixed above, the initial deposit as well as the other monies already paid in, shall be forfeited to Government and all or any portion of the timber not fully paid for shall be resold at the risk of the purchaser in the manner prescribed for default of payment of one-tenth value in clause 5 *supra*.

9. No timber lot shall be permitted to be removed by the purchaser unless it has been paid for in full, calculated at the rates at which the timber is knocked down to him at the time of sale, excluding the 10 per cent deposit paid for the lot at the time of the sale; and no timber shall be removed from the depot unless a permit is obtained from the Forest Officer in charge of the depot. The earnest money will not be adjusted towards the value of timber, until 90 per cent of the purchase money over and above the security deposit has been paid.

10. Timber purchased should be removed as early as possible and in no case should it be allowed to remain longer than 90 days after the dates fixed in clause 7, *supra*. Timber not removed after purchase, will remain in the depot at the risk of the purchaser from the date of the confirmation of the sale.

11. If the timber is not removed within the time allowed, the same may after ten days' notice to the purchaser, be sold in public auction and the proceeds will be given to the purchaser after defraying all the expenses in connection with the resale.

12. The deposit of Rs. 200 will remain as security for the due fulfilment of all and every one of the terms of sale, on the breach of any of which by the purchaser, the District Forest Officer shall be entitled to forfeit the deposit in whole or in part and in the event of such forfeiture, the sum so forfeited shall be immediately made good by the purchaser so long as the transaction is not finally closed.
